**SPECIAL INSTRUCTIONS/NOTES/COMMENTS REGARDING YOUR ROAD/PROPERTY TREATMENT:** \_\_\_\_\_

\_\_\_\_\_ I hereby request MLCR, LLC to apply Calcium/Magnesium Chloride (a dust control agent) to the above stated width/length of roadway adjacent to my property at the above location.

\_\_\_\_\_ I understand that MLCR, LLC is making this product and service available as a convenience to residents to aid in controlling nuisance dust on gravel roads. My payment is required in advance of the service to guarantee application. I understand that scheduling is based on spray truck availability, weather conditions, and various county lead times for road preparation. I understand that MLCR, LLC will make every attempt to apply my dust control as early as possible in the season but this may be delayed based on the above factors.

\_\_\_\_\_ I understand that there are variables that can affect the performance of this product. They include: preparation of the road/property, weather conditions, type of terrain and road surface material, volume of traffic on my road and continued maintenance of the road/property.

\_\_\_\_\_ I understand that while efforts are made to avoid disturbing a treated area, the County/Township/Special Road District reserves the right and responsibility to blade or perform other maintenance to ensure a safe, serviceable roadway.

MLCR, LLC agrees to measure and clearly mark the width and length of the area to be treated. Flags/markers will be placed at both the beginning and end points. For optimal performance of this product MLCR, LLC will contact the County/Township/Special Road District for proper preparation of the road/property.

If you have questions regarding dust control, please contact Glenn at MLCR, LLC at 816-914-3590 or email: [contact@mlcrllc.com](mailto:contact@mlcrllc.com)
